THE JOURNEY HOME

Wayfinders vs. Trailblazers

LEADER GUIDE + MONTHLY SCORE SHEETS

Preparation. Participation. Welcome. Teamwork. Grace.

HOW THE COMPETITION WORKS

Competition that ends in a shared celebration

1**TWO TEAMS**

Children belong to either the Wayfinders or the Trailblazers. Keep the rosters as even as practical.

2**EARN POINTS**

Teams earn points for Bible readiness, completed work, take-home returns, welcoming guests, review participation, and Christlike teamwork.

3**BUILD THE ROUTE**

Every 5 points earns one printable route piece. Record leftover points and carry them forward within the month.

4**MONTHLY WINNER**

At the final meeting of each month, the team with the highest exact score chooses the menu for the special shared meal.

5**CELEBRATE TOGETHER**

The winning team is recognized, but both teams eat, celebrate, and begin the next monthly chapter with a fresh score.

The competition measures progress. The meal celebrates the whole family.

Never remove points, shame a child, or identify who failed to bring or complete something.

POINTS THAT REWARD THE RIGHT THINGS

Use team thresholds so attendance differences do not decide the contest

0-2**BIBLE READY**

1 point when at least half are ready; 2 when everyone has a Bible open. A church Bible counts.

0-2**WORKSHEET**

1 point when a clear majority completes it; 2 when every present team member completes it.

0-2**TAKE-HOME**

1 point when at least one is returned; 2 when half or more of the team returns it.

3**GUEST WELCOMED**

3 points for each first-time guest who is genuinely included. Assign unconnected guests to the smaller team.

0-3**REVIEW CHALLENGE**

Award 1-3 points for Scripture memory, lesson review, or an age-balanced team challenge.

0-2**TEAMWORK + KINDNESS**

Leader-awarded points for encouragement, service, listening, inclusion, or exceptional teamwork.

0-2**MISSION BONUS**

Optional announced challenge connected to that week's lesson. Use the same standard for both teams.

ROUTE RULE: 5 points = 1 route piece. Exact points decide the monthly winner.

Suggested weekly range: 5-13 points per team. Cap guest points at 6 per team per meeting.

A FIVE-MINUTE WEEKLY RHYTHM

Keep the competition visible without letting it take over the lesson

BEFORE CLASS

Set out church Bibles, worksheets, team markers, and the current score sheet.

AS CHILDREN ARRIVE

Welcome guests naturally and place them with the smaller team unless they came with a friend.

DURING THE LESSON

Record points quietly. Do not interrupt the teaching for every individual point.

AT THE END

Announce both totals, celebrate specific good conduct, add earned route pieces, and move the traveler markers.

MONTH END

Verify the score sheet, name the menu-choosing team, place its monthly pennant, share the meal, and reset both totals.

Tie plan

If exact monthly totals are tied, the teams share the choice: one chooses the main item and the other chooses the side or dessert. Do not settle a tie by taking points away.
